13 October 1983

Executive Director

NOTE FOR: DDI

SUBJECT: The Future of Economic Intelligence

We were in complete agreement today that more needs to be done on the subject of economic intelligence analysis and collection. By this note I am asking Bob Gates to follow through with his suggestion to create a committee to study this topic further. If it appears manageable, I would suggest a study completion date for EXCOM review late in January 1984.
